Students Receive HSEU Bursary Awards

Our heartiest congratulations to all the 366 recipients of HSEU Bursary Awards!

It was an invigorating sight to take in as students from primary to university, cheered on by their parents and the HSEU Family, gathered on 25 February 2023 at ITE College Central to receive the awards.

This year, the income criteria was enhanced so as to cast the net wider for more families to be eligible for the bursary awards. This time round, members with Gross Household Income (GHI) of \$3800, up from \$3500; and Per Capita Income (PCI) of \$950, up from \$860, were eligible to apply for the bursary award.

Not just that. The bursary quantum was also enhanced by \$50 to \$120 to better bless the recipients.

While the students were all charged up participating in the two fun activities, art jamming (Zentangle) and Groove to the Beat, their parents were learning to ground themselves in a Mindfulness workshop.

Education Level	Previous Quantum	Enhanced Quantum
Primary	\$150	\$200
Secondary	\$200	\$300
ITE/NITEC/Polytechnic/JC/IB	\$280	\$400
University	\$350	\$500
Special Needs	\$280	\$400

Guest-of-Honour Senior Parliamentary Secretary (SPS), Ministry of Health & Ministry of Law, Rahayu Mahzam was present to mark the significant milestone in the lives of the youths.

HSEU leaders also had a wonderful time connecting with the youths and their parents and wishing them nothing but the best for the future!

HSEU would like to thank all the Management partners for their generous sponsorships - SingHealth, National Healthcare Group (NHG), National University Health System (NUHS), NTUC Health, 1FSS, St. Andrew's Community Hospital, Raffles Hospital, IHIS, Vanguard Healthcare, Farrer Park, NTUC U Care Fund; SPS Rahayu for gracing the event; as well as NTUC Club and National Instructors and Coaches Association (NICA) for organising the workshop and activities.

Dialogue with Top Leaders at HSEU Branch Officials' Seminar

Held from 18 to 20 March 2023 in Kuching, Malaysia, the Seminar gathered some 120 HSEU Branch Officials to a Dialogue with HSEU top leaders in preparation for the branches Quadrennial General Meetings which will be held from April to June 2023.

The Dialogue at the Seminar was centred around a call to action for branch officials to review their existing branch committees, plan for leadership succession and work with management partners to identify potential branch officials.

The Dialogue also delved into the implementation of the framework for the prevention of abuse and harassment of healthcare workers, such as the escalation process when cases of abuse and harassment are reported at the various institutions.

Another salient discussion point was the need to review the patient satisfaction survey as it may have inadvertently created unrealistic expectations of staff service and quality, adding to the pressure already faced by healthcare workers.

All in all, it was a fruitful Dialogue for HSEU's branch officials as they gear up for the upcoming branches Quadrennial General Meetings. To our branch leaders who are stepping down to make way for new leaders, thank you for your years of service and commitment to all our members.

To those who are leading another term, let's continue to serve as ONE HSEU!
