

MODEL WORKER

Shafaq Ali Haq Sardar Mohd

Engineer, Quality

VDL Enabling Technologies Group (Singapore) Pte Ltd

Nominated by the United Workers of Electronics & Electrical Industries.

Shafaq Ali Haq Sardar Mohd has consistently demonstrated readiness and adaptability during his 34-year tenure with VDL Enabling Technologies Group (Singapore) Pte Ltd.

Starting in the Shop's Turning department, he progressed to the CNC Milling department, showcasing both versatility and a strong desire to learn. His extensive experience led him to take on leadership responsibilities in the Warehouse, where he further honed his skills, highlighting resilience and the ability to handle diverse tasks. Transitioning seamlessly into the role of Incoming Quality Engineer, Brother Shafaq continues to stay abreast of evolving industry demands.

His remarkable career trajectory is a testament to his unwavering readiness for new challenges, adaptability to various roles, and sustained relevance in the ever-changing industry landscape.
