

Making a Difference, Touching Lives

EXECUTIVE SUMMARY 2022

VISION

To be a trusted and caring Labour Movement that makes a difference and touches lives.

MISSION

To be a Caring Labour Movement that helps improve the lives of our low-income members and their families; supports needy children and youths in their pursuit of excellence; and provides assistance to the elderly in a meaningful way.

Because U Care To Make a Difference,

You have helped close to 10,000 lower-income union members and their families this year

NTUC-U Care Fund was started in 2009 to help NTUC union members affected by the economic downturn then. More than 10 years on, we remain committed to help our members through various challenges brought about by retrenchments and rising costs of living and today.

One such example is the NTUC Care Fund (Special Assistance) which was rolled out in August 2022. This one-off cash relief helped members to alleviate the rising cost of daily essentials. More than \$1 million has been disbursed, benefitting over 8,000 members.

With the support of our **donors and like-minded partners**, we will continue to help members and their families emerge stronger and thrive in the face of adversity.
