PARTNER OF LABOUR MOVEMENT

Goh Siew Hor

Chief Business Officer
Royce Dental Group

Nominated by the Healthcare Services Employees' Union

Dr Goh Siew Hor has actively facilitated the unionisation of both Royce Dental Group and Denticare.

The unionisation has enabled the Healthcare Services Employees' Union (HSEU), Royce Dental Group, and Denticare to embark on a partnership to work on company transformation projects.

His work on the Company Training Committee (CTC) ensures workers are upskilled and future ready. These projects would enhance workers' productivity, allowing them to gain new skills, advance their careers, and help them improve their wage growth.

Brother Siew Hor has been a steadfast supporter of worker welfare, bringing together the company's leadership and union representatives to foster dialogue and implement progressive workplace practices.

He would also sponsor door gifts for HSEU's dinner and dance and contribute to the HSEU Bursary Fund, further underscoring his commitment in supporting union activities.

Brother Siew Hor's contributions to the Labour Movement have helped to create better, more sustainable jobs for those under the Royce Dental Group and Denticare.
