

MODEL WORKER

Nyan Tun Zaw

Chief Information Security Officer

Athena Dynamics

Nominated by Tech Talent Assembly.

Nyan Tun Zaw stands out for his remarkable commitment to personal and professional growth, exemplified by a proactive approach to continuous upskilling and reskilling. Beginning his journey as a web developer without cybersecurity knowledge, he has evolved significantly.

His pursuit of certifications such as Certified Information Systems Security Professional, Certified Security Analyst, and Certified Ethical Hackers underscores his dedication to enhancing his expertise in the cybersecurity domain. These specialised certifications have made Brother Zaw an adept professional in the ever-evolving field of cybersecurity.

Through on-the-job training experiences, Brother Zaw gained well-rounded knowledge and broadened his career prospects within the cybersecurity domain. Currently holding dual roles as the Chief Information Security Officer and Senior Vice-President of Business Development at Athena Dynamics, he exemplifies versatility by seamlessly blending technical and business leadership responsibilities.

Brother Zaw's adaptability and versatility in technical and business leadership roles highlight his ability to effectively navigate diverse challenges. His journey from a web developer to a dual techno-business role showcases a commitment to continuous learning and a persistent pursuit of excellence.

Brother Zaw's dedication to personal and professional growth has contributed to the success of the organisations he has served. His story inspires, illustrating the transformative impact of continuous learning, adaptability, and a proactive approach to upskilling in achieving professional success.
