

## COMRADE OF LABOUR

### **Pricilla Manio Meyer**

Executive Committee Member  
Creative Media and Publishing Union

*Nominated by the Creative Media and Publishing Union.*

Pricilla Manio Meyer was part of the negotiating team for the new collective agreement (CA) for SPH Media.

She ensured that the members of the radio business unit were well taken care of, following the harmonisation of employment benefits across different groups of employees.

Some key CA enhancements included salary ranges and medical benefits improvement.

Sister Pricilla has always strongly advocated for flexible work arrangements. She would share the best practices with the management of SPH Media.

This was especially useful during the COVID-19 pandemic when the company considered her a resource.

As a CMPU executive committee member, she initiated events such as Mother's Day Celebrations in both virtual and physical formats, ensuring members were engaged in the most suitable manner as COVID-19 safe management measures were gradually relaxed.

Being a member of the NTUC Women's Committee, Sister Pricilla has been actively involved in events and activities. She also shares concerns from the members towards shaping the Labour Movement and Government policies.

In the CMPU and SPH Media Company Training Committee, she provided inputs on the training needs of her members, ensuring the company curates relevant courses to enhance their employability.
