

TOGETHER AS ONE, BRIGHTER FUTURE FOR ALL

As the Labour Movement looks back on the nation's 50 years of achievements since independence, we also focus our sights on helping workers become future-ready.

Singapore has come a long way since 1965; having achieved many highs and transforming from a once backward country into an international economic force.

The Labour Movement is all prepared to keep the momentum going in a rapidly changing world so that every worker today and the next generation of workers can be part of a brighter future.

To achieve this, we have to move faster than the rest of the world with a focus on two fronts: **SkillsFuture** and **JobsFuture**.

Through **SkillsFuture**, we will help workers pick up skills to enhance their employability in the coming years and beyond.

With **JobsFuture**, businesses can transform existing jobs and create new ones to enhance Singapore's competitiveness.

Moving forward **Together as One**, we can create a **Brighter Future for All**.

Contents

Design Rationale

Labour Movement Directory 2015: Relive the past as we celebrate the present and the future with our collection of yesteryear's everyday items: kopi cup, traditional bread and butter toast and clogs.

These colourful and familiar objects take on fresh, modern tones in our Directory this year to convey the Labour Movement's pillars and values that include adaptability, inclusiveness, resilience and the ability to evolve with changing times.
